

# SMHA Printing Matchcards 2025

You can now print your game match cards from the SMGA Coordinators dashboard in 2025.

When you login as Team Coordinator (TC), you will now see Download Matchcard – as highlighted above.

The TOP option can be printed anytime irrespective of rounds etc. It will simply pull in your DEFAULT team list. So please ensure you update your top/first 16 players in the Default Team List first!

6 Joshua Kent - #5									

You can see the difference between the two now. This one includes your opposition team, date, venue, Player Shirt Numbers and will also display FA if they are marked/identified as First Aid qualified.

**IMPORTANT:** For the match cards to be on MOST value;

1. For the TOP card option -> Make sure your 16 man Default Player List is up to date,
2. For the Bottom option -> Make sure you have first completed your normal ONLINE match card.
3. & make sure you've updated your players' Shirt Numbers and First Aid qualification status.

We hope this helps make TCs lives a little easier. You can still manually type DNP for players who didn't play that night, &/or write in extra names for players who were not on the card, but played.

Kind regards and I hope you all enjoy the 2025 season.

Jimmy Fordham

On behalf of Sydney Masters Hockey Association.
